Exclusive Airsled Distributor

Airmotion
Europe

It
Move On Air

AIRLED®

Applications:

Domestic Appliance

Installation and Repair

Vending & Gaming Machines

Moving , Storage & Delivery

Security Safes & ATM's

Furniture

Having trouble moving heavy loads?

Saves time and money

Portable self contained system that
lifts and moves loads via a
'floating solution'

Reduces physical stress and strain

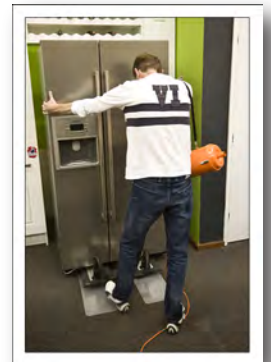

Requires less effort than
conventional methods

The force needed to move a load is
only 1% of the load weight

Prevents floor damage

Easily manouvered in tight spaces

Self regulating low pressure system
eliminates need for external air supply
